Dr.YSR FREE CROP INSURANCE (Dr YSRFCI)–
RE-STRUCTURED WEATHER BASED CROP INSURANCE SCHEME (RWBCIS) 2023-24 (KHARIF 2023 & RABI 2023-24)

NOTIFICATION

The Main features / Operational Modalities

The Pradhan Mantri Fasal Bima Yojana (PMFBY) – Re-Structured Weather Based Crop Insurance Scheme (RWBCIS) is the flagship crop insurance scheme launched by Govt. of India in 2016 and the scheme implemented as per the operational guidelines and instructions issued by the DAC&FW, GoI from time to time.

While ensuring Universal coverage of notified crops under the Crop Insurance scheme without any premium burden on the Farmers and separate registration, the Government of AP has implemented Dr. YSR Free Crop Insurance – Weather Based till 2022-23. Now, GoAP decided to implement Dr.YSRFCI- Weather Based jointly with GOI with nomenclature as Dr YSR Free Crop Insurance – Re-Structured Weather Based Crop Insurance Scheme (DrYSRFCI -RWBCIS in 2023-24 (Kharif 2023 and Rabi 2023-24).

All the cultivators growing notified crops in notified areas, whose crop details were captured through the e-crop (a software application for capturing crop details) and after successful completion of farmer e-kyc and social audit become eligible for coverage under this scheme.

Farmers need not pay anything in the shape of premium, and the State Govt will also pay the Farmer's share along with the premium subsidy for all the approved applications in the National Crop Insurance Portal (NCIP)

As permitted by the GoI, the State has chosen for adoption of the risk transfer model i.e., Conventional model during 2023-24.

Conventional PMFBY (Risk transfer Model)

Only Premium (Farmer's share, State Share and GOI share of Premium subsidy) will be paid under conventional PMFBY and the Insurance Company is liable for payment of complete claim.

The online bids received from various Insurance Companies empanelled by the GoI have been finalized, and administrative approvals issued by the State Government vide GO Rt. No. 660 Agriculture & Cooperation (Agri.V) Dept, dated 08-09-2023 for selection of implementing agency and model for implementation of Dr YSRFCI-RWBCIS (Weather Based) during 2023-24.

Accordingly, the Scheme will be implemented by the following Implementing Agencies (Insurance Companies) and details of crops/unit areas/ features/ provisions and conditions

All such perils which are caused by the weather conditions and are measurable and quantifiable in Automatic Weather Stations or Automatic Rain Gauges stands covered under RWBCIS, according to term-sheet.

Weather Perils to be Covered:

The Andhra Pradesh State Developmental Planning Society (APSDPS) is to provide granular Weather data at regular intervals to the Department of Agriculture and accordingly, claims against each parameter/ peril shall be calculated.

Crop wise Term sheets are tabulated from Statement I-A to Statement VI (Kharif), Statement VII-A to Statement X-C (Rabi).

The perils listed above are only indicative and not exhaustive. The actual perils notified against each crop provided in the Term sheets.

The claims under Dr.YSRFCI-RWBCIS will be settled on the basis of weather data provided by the APSDPS only.

General Exclusions: Losses arising out of war and nuclear risks, malicious damage and other preventable risks shall be excluded.

Procedure for settlement of claims:

If the observed index value falls below or above, (as the case may be) the notified trigger value, then claims per unit shall be calculated using following formula depending upon index definition:

Claims per Unit = (Difference between Observed & Notified index values) X Notional Payout.

Overall claims will be 'Claims per Unit' X 'Number of units'

Insurance company shall be responsible for all claims arising out of adverse weather incidence and shall settle claims strictly as per the terms and conditions of the scheme mentioned in the notification. In case of adverse weather incidence, all the insured cultivators growing the notified crop in a RUA shall be deemed to have suffered the same level of adverse weather condition & same proportion of

crop loss and become eligible for the same rate of claims. Claims shall be assessed only on the basis of weather data recorded by the notified Weather Stations, as the case may be, and the claims process shall commence once the weather data is received. APSDPS is responsible for maintenance of AWS, their standardization / calibration, and data transmission meet the guidelines issued by the Government. Loss assessment and claim settlement to be done as per detailed protocol defined in the relevant sections of Operational Guidelines.
